

# Simply ClaimsKits

CUSTOM CLAIMS KITS SOLUTION

---

Now you can get all the latest state-required workers' compensation brochures, forms, posters and content your offices need, accessible and ready to share and print via your existing client portal or intranet.

Our custom claims kits solutions are specifically designed to help policyholders, self-insured employers and insurance companies alike save both time and money on development and maintenance versus building it in house. And since no two companies -nor their needs- are alike, our new API integrates SCK content immediately, providing a bespoke, highly customizable solution with unparalleled flexibility.

**Let's simplify your system**
